

2024 OREGON STATE OUTDOOR PRECISION PISTOL CHAMPIONSHIPS: October 18-19, 2025

TRI-COUNTY GUN CLUB, Sherwood, Oregon

some folks, I cannot guarantee all fees get refunded in that case..

Attendance Estimate: 20

Dates We will run both days to test out maximum flexibility approach for big matches. There is one limitation and one complication because of this format which makes preregistration more critical for this match. I **must** have preregistrations of **5 or more** for each day by Friday so that I can notify everyone if a day must be canceled. I also **must** have EIC/DR registrations for the same reasons and to avoid the challenge of trying to refund Saturday fees if Sunday does not have enough more shooters to satisfy the required minimums. While I always understand and will respect if there is equipment failure or other inability to shoot a match that you sign up for, please try to be accurate in your registrations.

Limitation, We will run both days as long as there are **5 or more** shooters each day, I cannot use the club resources if we only have a tiny number of shooters on a day, I chose 5 as the minimum number.

Complication, The EIC and DR matches will be combined over the 2 days therefore it is possible that we won't know if there will be any **leg points** on Saturday because we don't get a minimum number of shooters from the combined 2 days. I **will make every effort to avoid** that, but if it happens, It will be difficult to track down everyone that paid on Saturday to refund their fees so I may miss
